Standard of Points

SINGAPURA – SIN

The Singapura show a silver Abyssinian type coat pattern. The fur is short and sleek. This is a small breed with soft curves. The cheeks are wide and eyes large and limpid. Known as the “drain cats of Singapore” the Singapura are pretty cats with an inquisitive nature.

HEAD	Rounded skull. Wide and round cheeks at eye level narrowing to a definite whisker break. Medium short broad muzzle. Chin well developed.	
NOSE	Blunt, profile shows a very slight stop below eye level.	
EARS	Large, slightly rounded, wide and open at base, well cupped. Medium set.	
EYES	Large, almond shape, wide open and slightly slanted. Set well apart. Colour: Hazel, Green or Yellow.	
NECK	Short and thick.	
BODY	Small to medium in size. Muscular, moderately stocky type.	
LEGS	Medium length, heavy and muscular at the body, tapering to small short feet.	
PAWS	Small, Short and oval.	
TAIL	Short and slender, blunt tip.	
COAT	Very short, fine and close-lying. <u>Markings:</u> Hair ticked with two bands of dark and light colour ending in dark tips. Dark tail tip extending back towards body on upper side. Barring present on inner front legs and back knee only. Allowance to be made for undeveloped ticking in kittens. <u>Colour:</u> Sepia agouti – Dark brown ticking on a warm old ivory ground colour giving a refined delicate appearance. Muzzle, chin, chest and underparts paler (Unbleached muslin). Nose leather – Pale to dark salmon outlined with dark brown. Pads – Rosy brown.	
FAULTS	Dark coat colouring next to skin. Grey tones. Barring on outer front legs. Necklaces. Small ears and eyes	<u>Faults precluding an award</u> White spotting Barring on tail Top of head unticked Blue eyes
