RULES PERTAINING TO REGISTERED BREEDERS

1. DEFINITION

- 1.1. A Registered breeder is a breeder who has a current CFSA Registered Cattery name and owns current CFSA Registered breeding stock
- 1.2. A Registered breeder abides by the Rules pertaining to Registered Breeders and the Code of Ethics for Cat Breeders and Owners.

2. PROCEDURE TO REGISTER AS A BREEDER

- 2.1. Any person who is a fully paid up current member in good standing of a CFSA affiliated Cat Club, who owns CFSA registered entire male(s) and/or female(s) of adequate quality, who intends to breed with these cats and wants to register the kittens with the National Cat Register, may apply to become a Registered CFSA Breeder
- 2.2. The procedure to register as a CFSA Breeder is as follows:
- 2.3. Request a copy of the Rules Pertaining to Registered Breeders and the Code of Ethics for Cat Breeders and Owners and an application Form to become a Registered Breeder.
- 2.4. Apply for a cattery name at the National Cat Register.
- 2.5. Ensure the males and females to be used as breeding stock are registered in the name of the breeder at the National Cat Register.
- 2.6. Have the breeding stock declared suitable quality to be used for breeding purposes and make application at the National Cat Register for stock numbers to be issued to the stud(s) and queen(s) by the National Cat Register.
- 2.7. Accept the jurisdiction of the Cat Federation of Southern Africa and undertake to abide by the Rules Pertaining to Registered Breeders and the General Code of Ethics for Breeders and Owners.
- 2.8. Return the signed Application Form to become a Registered Breeder to the National Cat Register and sign an indication in writing that he/she will abide by the Rules Pertaining to Registered Breeders and the CFSA Code of Ethics for Breeders and Owners.

3. GENERAL BREEDER AND BREEDING RULES

- 3.1. The breeding stock must be under the personal supervision of the Breeder and be housed on the residential premises of the Breeder.
- 3.2. Owners may not breed cats in a way that can cause deterioration in the health of the cat or the breed.
- 3.3. No cat with a congenital abnormality should be used or sold as a breeding cat.
- 3.4. In the case where pathological conditions that are known to have some hereditary (genetic) basis, such as Amyloidosis, PKD, PRA etc, exist, and whenever a reliable test is available, this should be performed and the results certified by a veterinarian or equivalent before the cat should be used for breeding.
- 3.5. All breeding cats must be of good quality and proof of this must be provided where needed, either in the form of recent show results or a declaration by a CFSA acknowledged breeder or judge of the quality of the cat.
- 3.6. All breeding cats must have sound temperaments and have bloodlines of a good quality in their pedigree. Certified verification of these must be provided where needed.

Cat Federation of Southern Africa

Constitution 2011

- 3.7. All CFSA breeding cats should be identified by microchip and the identifying code of both parents should be documented in the pedigree. It is recommended that this practice be established.
- 3.8. Breeders agree to sell cats only where there is reasonable expectation of a happy and healthy life. At the time of sale, a written arrangement must be made as to what has to happen if a cat requires a new home.
- 3.9. Breeders must not knowingly misrepresent the characteristics of the breed nor mislead any person regarding the health or quality of the cat and must draw the attention of purchasers to the "Not for Breeding" ruling when selling kittens.
- 3.10. Owners shall not sell or hand over any cat or kitten to commercial cat wholesalers, retail pet dealers or cat brokers, nor for any experimental research or testing, nor directly or indirectly allow cats to be given as a prize or donation in a competition of any kind.
- 3.11. No breeder may act as a commercial cat wholesaler, retail pet dealer or a cat broker (i.e. buy or obtain kittens from other breeders and resell/re-home them).
- 3.12. Kittens must be house-trained and in good health before they are allowed to go to their new homes.
- 3.13. A kitten must not be allowed to go to a new home before at least 7 days after completion of its foundation vaccination for kittens.
- 3.14. Breeders/Owners must supply written details of all dietary requirements and give guidance concerning responsible ownership.
- 3.15. Breeders selling a kitten as suitable for breeding should offer advice and support to the new owners.
- 3.16. Breeders must ensure that a diet sheet, completed inoculation certificate and all relevant CFSA documents, including a copy of the Code of Ethics for Breeders and Owners, are provided to the new owner when selling or transferring in accordance with CFSA Registration Rules.

- 3.17. **CATS NOT ALLOWED FOR BREEDING**
